

LEAH CHARLESWORTH

Leah has diverse and varied experience within the maintained and academy education sector spanning 22 years at local, regional and national level.

Her experience ranges from successful school leadership, leading a range of schools in challenging circumstances, to working within three different Local Authority teams. She is a designated National Leader of Education (NLE), having led two schools from categories of concern to Ofsted Outstanding, securing the latter as a Teaching School after leading the school from Special Measures to Outstanding within 17 months.

Previously, as the Director of School Improvement and Director of the Teaching School for the 8th largest Multi Academy Trust in the country, she was instrumental in transforming school improvement strategy, leading to securing significant improvements in pupil outcomes, narrowing gaps and improved Ofsted designations.

Leadership Development Programme 2020-2021

A development programme for Headteachers and Senior Leaders

WHAT DOES IT INVOLVE

A series of 3 workshops will be delivered across the academic year. Workshops will support leaders to further deepen their curriculum intent and to sharpen the implementation of this so that each subject has a strong and lasting impact on pupils learning. All workshops will be steeped in research and will be a balance of training and supported development work.

WORKSHOP 1 – SECURING AND STRENGTHENING CURRICULUM INTENT

Wednesday 22.04.21 – 9.30am to 3.00pm – TBC

- Understanding the full range of research that underpins effective curriculum design
- Using research and the national curriculum to review and refine your curriculum overview
- Evaluating your current progression model against established criteria for success

WORKSHOP 2 – EFFECTIVE IMPLEMENTATION PART 1

Thursday 13.05.21 – 9.30am to 3.00pm – TBC

- Understanding the research behind how children learn
- Reviewing models for implementation with proven impact
- Developing a pedagogical model based on Cognitive Load Theory
- Exploring the importance and impact of Retrieval Practice and well-designed questioning

WORKSHOP 3 – EFFECTIVE IMPLEMENTATION PART 2

Friday 25.06.21 – 9.30am to 3.00pm – TBC

- Reviewing the use of effective modelling and strategies for modelling
- Understanding what guided practice is and how to move from modelling into guided practice
- Understanding how careful scaffolding and feedback supports modelling and guided practice
- Knowing how to use independent practice to secure a change to the long-term memory

TESTIMONIALS

- Concrete examples and clear structures for development given
- Practical ways to implement Rosenshines principles
- Time to question techniques, key point/links to NC / current practice
- Gained a good understanding of how the 3 I's can be monitored
- Opportunity to work on own data and monitoring cycle

**Cost: £200.00 for 3 Workshops
OR to book individual sessions:
£75.00 per 1 day session**
